17) The difficulties in levying and collecting health cess on vehicles and animals with retrospective effect as explained by the Commissioner, Mysore City Municipality in his letter No C2 PR 228-C 776/54-55 dated 11-1-1956 appear to be genuine It is also seen that in the case of House Tax, where the incidence of the tax is stable, action has been taken to raise the demand for Health Cess with retrospective effect The Municipal Council may be enjoined to see that the arrear cess is collected at least on the house tax and credited to the Treasury It does not also appear to be in order to treat the cess not actually collected as Govt dues and get it adjusted out of Municipal Funds, since it cannot be a proper charge on the Municipal Funds legally
